

For Immediate Release

Builders FirstSource Launches New Website

November 20, 2012 (Dallas, TX) – Builders FirstSource, Inc. (NasdaqGS: BLDR), a leading supplier and manufacturer of structural and related building products for residential new construction in the United States, today announced the release of its new website (<http://www.blldr.com>). The new website showcases the company’s manufacturing and installation capabilities. Its multi-media tools deliver an improved end-user experience. Additionally, the new website features superior functionality by including location-specific information on products and services.

Commenting on the new website, Morris Tolly, Builders FirstSource Senior Vice President – Operations said, “We are very excited about the capabilities of our new website. It is geared toward customer service, consistent with our standard of providing the best service in the industry. The new website will provide an enhanced user experience and will give our customers much better information about our locations and the products and services we offer.”

We invite all our customers and other business partners to visit our new website today at www.blldr.com.

About Builders FirstSource

Headquartered in Dallas, Texas, Builders FirstSource is a leading supplier and manufacturer of structural and related building products for residential new construction. The company operates 53 distribution centers and 44 manufacturing facilities in 9 states, principally in the southern and eastern United States. Manufacturing facilities include plants that manufacture roof and floor trusses, wall panels, stairs, aluminum and vinyl windows, custom millwork and pre-hung doors. Builders FirstSource also distributes windows, interior and exterior doors, dimensional lumber and lumber sheet goods, millwork and other building products.
